

The billiard room at the Wickham Park Senior Center is comprised of three professional solid wood 9 foot Olhausen tables and accessories that make it a fantastic place to enjoy playing pool with others that share your interests.

The most popular game played is eight ball but you will see some people shooting straight pool, and an occasional nine ball game. It matters not your skill level, only your passion for the game. Most of the crowd haven't shot in years but find it is a great place to share with others what was once a favorite pastime in a smoke free environment without the barroom atmosphere. The pool hall is not men only participation. Ladies are welcome and encouraged to come and polish their skills.

**Come and enjoy shooting pool all day long for \$1.25 for WPSC members.** That's a dollar paid at the front desk and 25-cents paid in the pool room. The 25-cent in room mandatory maintenance fee is to cover the miscellaneous costs like chalk, pool cue repairs, eventual table recovering, promotions etc.

Tournaments are played the second Wednesday of every month at 11:00 am.
